WHAT WE DO?

- * Welding Manufacturing
- * Industrial Manufacturing
- * CNC Laser Cutting and Bending
- * Ventilation
- * Steel Construction
- * Mechanical Assembly

About Us

ENG Steel which missioned itself to provide technical support and manufacturing technologies with its innovative ,correct , reliable solutions that are integrated with qualified systems

All kind of welding operations (Arc,Argon,Aluminum,Wire welding etc) is carried out by ENG Steel according to the terms and technical requisities agreed with customers upon projects that is ensured .We actualize most convenient solutions together with competative prices and correct manufacturing techniques for your company and your projects

ENG ÇELİK METAL MAKİNA
SAN. VE TİC. LTD. ŞTİ.

Welding Manufacturing

All kind of welding and manufacturing operations that is convenient for projects such as machinery chasis, welded machinery parts, construction equipments, agricultural tools with welding are carried out by ENG Steel

ENG ÇELİK METAL MAKİNA
SAN. VE TİC. LTD. ŞTİ.

Industrial Manufacturing

Actualizing most convenient manufacturing operations with all kind of welding solutions according to the projects

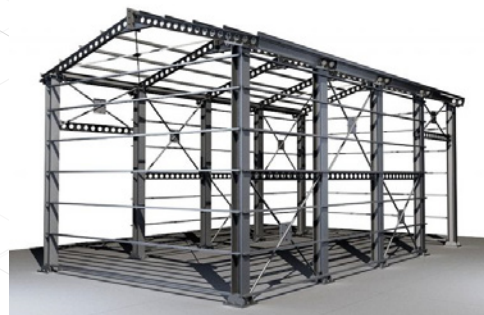

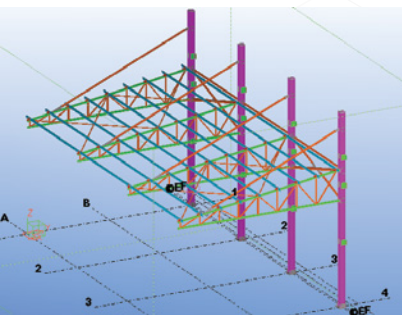

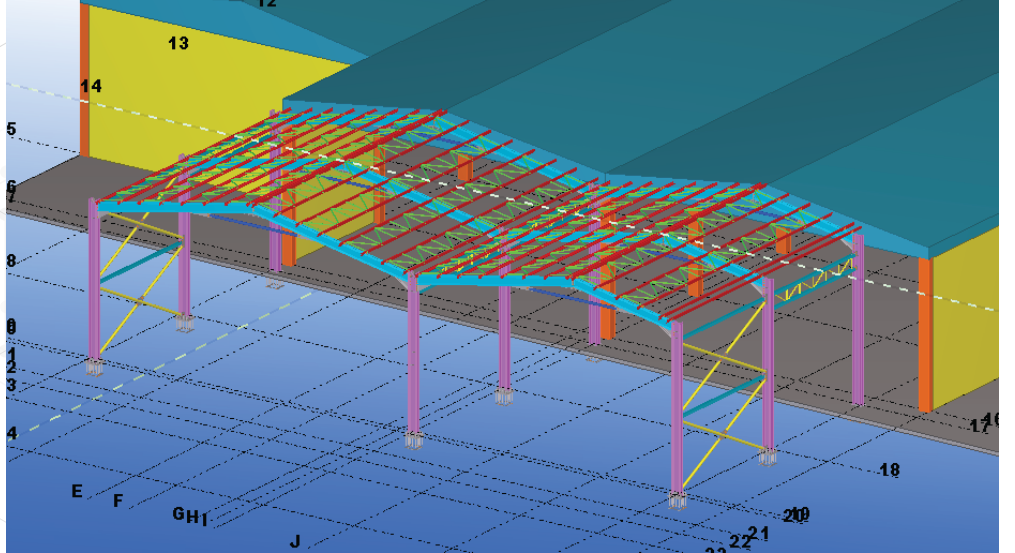

ENG ÇELİK METAL MAKİNA
SAN. VE TİC. LTD. ŞTİ.

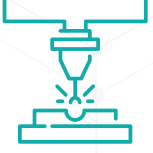

Steel Construction

Factory Buildings, Warehouses, Hangars, Steel Industrial Buildings, Platforms, Steel Construction Equipments, Project Applications, Roof and Frontage Constructional Equipments is provided to our customers according to our technical capacities furthermore specific Steel construction assembly applications and manufacturing technologies support is provided

ENG ÇELİK METAL MAKİNA
SAN. VE TİC. LTD. ŞTİ.

CNC Laser Cutting and Bending

2000 x 6000 10KW power technology and 400 ton x 4 meter bending capacity enables us to provide CNC cutting and bending operations. In addition to that together with our project partners steel profiles from 20 x 20 to IPE 200 pipe and tube laser cutting is provided by us

ENG ÇELİK METAL MAKİNA
SAN. VE TİC. LTD. ŞTİ.

Ventilation

Industrial ventilations lines for all kind of workshops ,factory buildings and ventilation parts supplies is carried out by ENG Steel

Industrial Products

Various kinds of productions and field installations of air pressured systems and mechanical water systems for Industrial facilities according to the terms of projects is also carried by us

**ENG ÇELİK METAL MAKİNA
SAN. VE TİC. LTD. ŞTİ.**

The best solutions for your business.
